

CLARITY BLAST

Natural Water Clarifier

DISSOLVABLE PACKETS

20 Packets Treat 1 Acre for up to 3 Months

Net Weight: 10 lbs (20 Packets)

Why use **CLARITY BLAST?**

CLARITY BLAST is formulated to attack suspended organics found in the water column. Many times after chemical treatment dead algae or plant life is still present which can cloud the water or sink to the bottom contributing to muck build up. Clarity Blast is a blend of natural bacteria and enzymes that convert dead organics into a gas allowing it to leave the water column unnoticed. Clarity Blast will leave the water clean, clear and healthy. See results in as little as two applications.

CLARITY BLAST PACKETS

WHEN TO APPLY: For best results, begin in early spring and apply when water temperatures are above 50°F.

HOW TO APPLY: DO NOT OPEN PACKETS. Simply toss dissolvable packet directly into the water. When using more than one packet, distribute evenly across the body of water. Apply every 2 weeks.

QUICK DOSE CHART

**Apply 1-2 packets
per 1/2 surface acre
every two weeks**
